

VELaSSCo Evaluation Event: Questionnaire

17th / 18th November 2016

Final Evaluation Event

Questionnaire Overview

- **Expectations** deals with your opinions of software tools for pre and post processing of numerical simulations. What we are interested in here is a number that best shows you expectations about software tools for pre and post processing of numerical simulations offering services.
- **Perceptions** relate to your feelings about the VELaSSCo Plugin for GiD/IFX. Please show the extent to which you believe this tool has the feature described in the statement. Here, we are interested in a number from 1 to 7 that shows your perceptions about the VELaSSCo Plugin for GiD or IFX.
- **Goal** is to measure the **Gap** between Expectations and Perceptions.
- The questionnaire is divided in three sections:
 - First section asks you to rank all software tools for pre and post processing of numerical simulations in science and engineering according to your expectations i.e. what you expect all these tools to provide.
 - Second section asks you to rank the VELaSSCo Plugin for GiD/IFX according to your experiences and perceptions.
 - The third section asks you about the overall satisfaction of VELaSSCo Plugin for GiD/IFX.

You should rank each statement following a seven-point Likert-style scale from **1=very unimportant** to **7=very important**

Questionnaire Links

- The questionnaire is available in the following URL to be filled:
 - **GiD Group/Users:**
<https://docs.google.com/forms/d/e/1FAIpQLSdnbKEbF7703zyOU0S6Kg9lLCLXfiyDJEZnkJsRHU2qXJcRgg/viewform#responses>
 - **IFX Group/Users:**
<https://docs.google.com/forms/d/e/1FAIpQLScEQWrvk07erilBNCb2xhjpeizZyYTtyQWEHbNE3SgbX6WgwA/viewform#responses>
- 1 week to execute the UCs and filling the Questionnaire (Nov. 25th)
- General Support: velassco@cimne.upc.edu
